

2nd International Conference on
MRSA in Animals

CLINICIANS' DAY

Resistant bugs

New threats and innovative solutions

An in-depth look at the threat of MRSA to veterinary practice.

Leading experts discuss MRSA, along with practical advice to help you control and tackle it.

The Clinicians' Day will focus on MRSA and other antimicrobial resistant bacteria in small, equine and farm animals with particular relevance to clinical practice.

Guest Speakers include:

**Professor David Lloyd and
Dr Anette Loeffler** (Royal Veterinary College)

**Dr Susan Dawson and
Dr Tim Nuttall** (University of Liverpool)

Dr Angela Kearns (Health Protection Agency)

Dr Scott Weese (University of Guelph, Canada)

Mr Chris Teale (Veterinary Laboratories Agency)

Mr Mike Jessop (Past president of the BSAVA)

There will also be a live hand hygiene demonstration from **Max4 Health**.

SATURDAY 26TH SEPTEMBER 2009

**NEW CONNAUGHT ROOMS
COVENT GARDEN, LONDON**
